

Pacha[®]

CREATING PERFECT TOOLS FOR YOU

www.pachatool.com

OUR COMPANY

Hebei Shubing Import & Export Co., Ltd (formerly Nanhe County Zilin Hardware Tools Factory), was founded in 2004, the company focuses on the production and research of file products for more than 20 years, with the continuous expansion of the company's scale, the transformation of industry and trade as a whole, the development of files, hexagonal wrenches, rotary files, batch bits, and other full range of tool products. We have advanced production equipment and R & D team, according to market changes, rapid response, to provide customers with a full range of services, loved by consumers.

"Pacha" is the first brand of our company, and our products are inspected by specialized personnel from material to production, and the products can only be shipped after passing the inspection. In the process of integrating into the market, Pacha is brave enough to accept the challenge, and has successfully passed a series of test reports such as ISO9001 quality system certification, RoHS, etc., which lays a solid foundation for the further expansion of business. At present, our products are sold all over the world, including Europe, North America, South America, the Middle East and other regions, committed to providing the best quality service for the majority of users. We are also constantly exploring the market, looking for more dealers to represent our brand. Welcome new and old customers to come to in-depth exchanges.
